- Microsoft Office
- Figma
- Adobe
- Github

AREA OF INTEREST

- Web Development
- UI-UX Designing

Travel Tro

Designed a real-time and static bus route system for commuters, providing quick access to routes, timings, and stops. Optimized for smooth performance across all devices.

Eswar International

Developed a responsive website for a fruit and garland export company, focusing on modern aesthetics, seamless navigation, and cross-device compatibility for an engaging user experience.

AI-Qads

Built a system that extracts key insights, summarizes documents, and answers queries with high accuracy using efficient text processing algorithms. Optimized for multiple formats to enhance versatility.

CERTIFICATIONS

Demonstrated leadership as an Event Coordinator for TECHNOICS and TECHBIZ symposiums, managing organization and execution. Competed in a tech hackathon at Hindustan University, showcasing problem-solving and innovation skills. Gained foundational IoT knowledge through college sessions and actively contribute to social initiatives as a Rotaract Club member.
